PRESS RELEASE

15th December 2006

Family tribute by the parents of Tania Nicol – Jim Duell and Kerry Nicol

“Tania was a lovely daughter – she was a caring, loving, sensitive girl who would never hurt anyone. Unfortunately, drugs took her away into her own secret world – a world that neither of us were aware of.

“Tania has been taken by someone who needs to be found. We ask for anyone who knows this person or persons to come forward and contact the police.

“We would like to thank all the people who have offered help so far, but ask if anyone has any information however small please tell us even if they come forward anonymously.”

NOTE TO EDITORS

The family respectfully request that they are left alone for the present during these difficult times.
