Dear

Tim

I have had a constituent visit my Surgery complaining about the reporting in newspapers of carrying of guns. The individual is a licensee of both shotguns and rifles and complains at the way that the press report.

I'm not so sure that you will be able to do anything but it may be that you could put a circular to your membership to indicate that maybe they could distinguish between the legal against the illegal ownership of guns.

I look forward to hearing from you.

Yours sincerely

A handwritten signature in black ink, appearing to read 'BHD'.
